TRIMURTHI

lederwaren pvt ltd

TRADITION. TRUST. GLOBAL REACH.

ABOUT US

Established in 1988 by Mr. Mallesam, Trimurthi Lederwaren Pvt. Ltd. is a Chennai-based, third-generation family enterprise specializing in premium leather goods. From its roots in traditional craftsmanship, the company has grown into a globally respected manufacturer of high-quality bags, wallets, and accessories.

Equipped with advanced facilities—including an in-house chemical unit and effluent treatment operation—we are committed to sustainable leather production. Our team of over 100 skilled professionals works with cow, buffalo, goat, and sheep leather, delivering products that meet international standards for quality and compliance.

At Trimurthi, we believe in responsible business practices. We ensure fair labor conditions, strictly prohibit child labor, and support local education programs. Today, our strong foundation of craftsmanship, ethics, and innovation enables us to serve leading clients across Europe and North America.

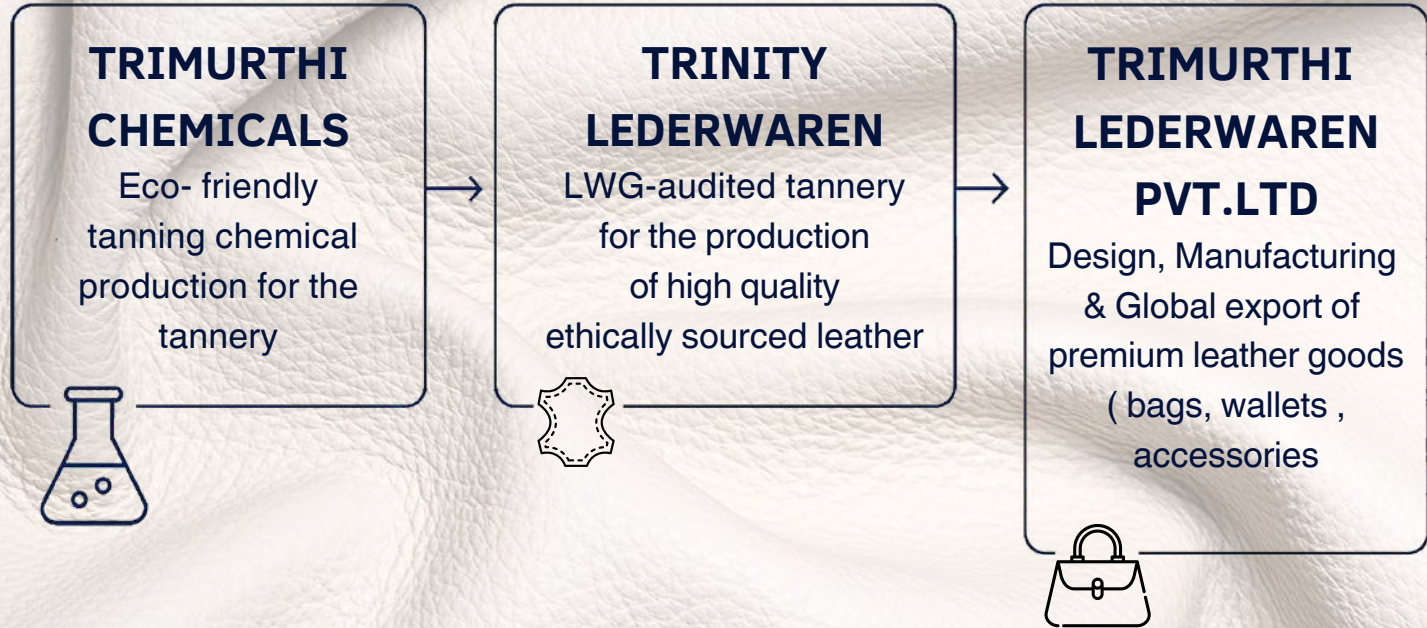

SUSTAINABLY SOURCED LEATHER

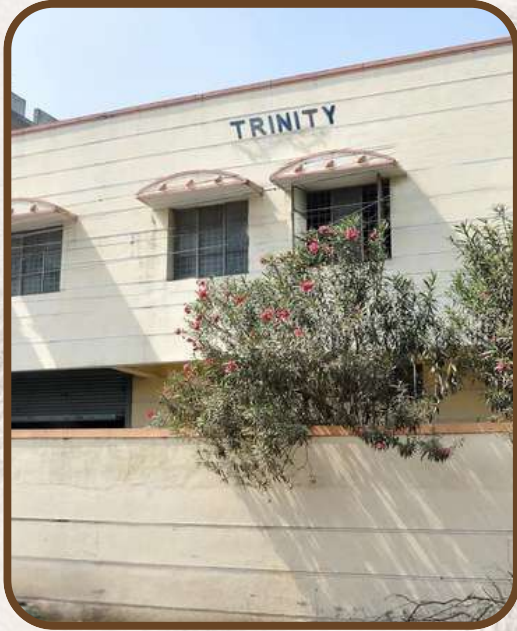

At Trimurthi, sustainability is at the core of everything we do. Our leather is sourced from our LWG-audited sister tannery, Trinity Lederwaren, and processed in-house through Trimurthi Chemicals using eco-friendly methods—free from harmful substances like azo dyes and chrome VI.

Our facilities are designed for clean, responsible production with advanced systems for water treatment, emissions control, and waste reduction. This end-to-end approach ensures we deliver premium leather that aligns with global environmental standards and the values of today's conscious consumers.

MANAGING THE LEATHER JOURNEY, END-TO-END

ISO 9001 & LWG CERTIFICATION

We're proud to be Leather Working Group (LWG) certified—a reflection of our commitment to environmentally responsible practices. This certification confirms that our operations meet global standards in:

- Waste management
- Chemical safety
- Water and energy efficiency
- Pollution control

We're also ISO 9001 certified, which underscores our focus on quality management and continual improvement—ensuring every product meets the highest standards. **Because we believe great leather should never come at the planet's expense.**
